## Offline Activation

### Internet Connection Issues

#### Temporarily Offline:

If your computer is temporarily offline (travel, internet connection issues etc.), simply go online within 7 days after activation and registration.

#### Permanently Offline:

If your computer is permanently offline (i.e. secure environments like government, banking etc) you need software otherwise it will stop working. You need an internet enabled device and your product's serial number.

1. Click on "I cannot connect to the internet" in the product screen on your computer to generate a "Request Code".
2. [Generate a Response Code](#) by signing in and entering the machine specific Request Code as well as your Adobe ID.
3. Enter the Response Code in the product screen on your computer to complete the Offline Activation.

6. 輸入帳號密碼，點選 Sign in 登入

7. 貼上抄下的要求代碼到 Request Code 欄位，輸入序號到 Serial Number 欄位，點選 Generate Response Code，抄下 Response Code，並回到要啟用的電腦。

8. 輸入剛剛抄下的 Response Code 到回應代碼欄位，點選『啟用』
